**Subject:** I support solar incentives

Feb 26, 2013

Mr. Bob Stump  
1200 W. Washington  
Phoenix, AZ 85007

Dear Mr. Stump,

The future of solar energy in Arizona is important to me, our environment and our economy. Renewable Energy Implementation plans for APS and TEP will affect the continued viability of rooftop solar on businesses and homes across Arizona.

I strongly feel that the Corporation Commission should work to advance incentives for solar in Arizona and not take steps backwards. I, like many ratepayers, am willing to invest more in my utility bill to ensure we are transitioning to clean energy and creating more jobs for our state.

Six dollars a month is a small and worthy investment for a clean energy future in Arizona.

Thank you, and please consider my comments in reference to dockets  
E-01345A-11-0264 and E-01933A-11-0269.

Sincerely,

Christina Jutting
